Job Ref: 660277 - Staff Specialist - Clinical Geneticist, Adult Genetics

- Central Adelaide Local Health Network, Royal Adelaide Hospital
- Indicative Total Remuneration: $313,002 - $580,096 - Perm F/T - MD2

As a Staff Specialist - Clinical Geneticist, you will provide expertise relating to clinical genetic services for patients of the Adult Genetics Unit at the Royal Adelaide Hospital, and to other metropolitan and rural hospitals, as part of the State-wide Clinical Genetics Service. You will also contribute to education, training and research within the Unit, and encourage and support team work amongst staff for optimal clinical service outcomes. You will represent the Adult Genetics Unit at relevant clinical meetings and supervise clinical genetics trainees, genetic counselling trainees and medical students in the Adult Genetics Unit. If you engage in research relevant to clinical genetics you will have protected research time. You will be able to develop subspecialty clinical genetics clinics in agreement with the service lead.

Holding a Bachelor of Medicine; Bachelor of Surgery (MBBS) or equivalent, you will have appropriate Specialist Qualifications and be registrable with the Medical Board of Australia as a Medical Practitioner with Specialist registration. You will also have satisfied the training requirements of the Royal Australasian College of Physicians' Specialist Advisory Committee in Clinical Genetics, or hold an equivalent specialist qualification. With experience in adult genetics, you will possess strong communication skills and the ability to work with individuals and families for positive health outcomes.

The South Australian public sector promotes diversity and flexible ways of working including part-time. Applicants are encouraged to discuss the flexible working arrangements for this role. Part-time applicants and those about to complete their training will be considered.

The new Royal Adelaide Hospital is the largest hospital in South Australia, providing world class health care and facilities.
